THE POWER OF WOMEN

It is long been recognized that
women are imaginative Builders for
ideas they cherish. When men's
heart grows cold, it is the woman
appeal that is the woman appeal.

This was again demonstrated at
the United Farmers' convention in
Edmonton last week. It was the
role of the women's division, led
by U.F.A. in provincial politics; their
role that rejected affiliation with
the C.C.F. in provincial politics, and
they threw out the sub-committee
which would give independent
members the right to co-operate
with groups having the same ob-
ject as their own.

Whether or not the farm women
are tired of the much overworked
"co-operation" in the word of a
number of leaders, it is up to them
there can be no doubt; they were
determined to show the mass from
the United Farmers' convention, and
who made the mistake of
turning into an insulting jibe the
title of the organization, that the
United Farmers' Women's division
are still to be reckoned a factor in
political provincial affairs.

RADIO LICENSE INCREASE

The decision of the Canadian
Broadcasting Corporation to in-
crease radio license fees from \$2.00
to \$2.50 annually has not been
received with enthusiasm by those
who practice it in conformity with
governmental rules and regulations.
Indeed, it is not too much to say
the announcement has been greeted
with a sentiment in many of the
quarters, and at all connected with
the increased levy.

While it is appreciated that the
Canadian government may be lacking in
opportunity to carry out its
proposed extension of high-powered
stations and the improvement of
program, it would appear that the
authorities concerned have
taken the way out, by in-
creasing the fee on the basis of
their records, instead of getting
after the man who, so far and
with complete immunity, have
cracked paying their share for the
license required. It can only be
imagined with what relief the
bright idea, "Let's bring the fee
to \$2.50, that is what is paid in
England," was greeted.

This may be a satisfactory
solution for those who realize that
they are to those who realize that
as a licensee, always a licensee—
never mind about their own work.
No man, least money, is
likely to bring home to delinquents
the error of departure from com-
mon decency, has ever been dis-
cussed by any government depart-
ment than the system that has been
employed, and that only during the
